## PROFESSIONAL PROFILE

Public health physician with over 3 years' experience in HIV programme management, epidemiology, and health policy. Expertise in quality improvement, data analysis, and health systems strengthening, with a proven record of implementing evidence-based interventions. Holds an MPH from Queen's University Belfast. Adept at translating research into policy and leveraging data to improve healthcare access and quality at the population level.

## CORE SKILLS

- Health systems research and strengthening
- Epidemiological surveillance
- Infectious disease control
- Data analysis (SPSS, Excel)
- Programme evaluation and quality improvement (PDSA cycles, root cause analysis)
- Scientific writing and literature
- Budgeting and resource management
- Teaching and cross-sector collaboration

## PROFESSIONAL EXPERIENCE

### Medical Writer (Intern)

*Klarity* | Jun 2024 – Oct 2024

- Authored and edited scientific publications and promotional content, achieving 100% publication rate.
- Conducted literature reviews and data analysis to ensure evidence-based content for public use.

### Technical Associate

*APIN – Public Health Initiatives* | Aug 2021 – Sep 2022

- Led a multidisciplinary team of 90 staff across 30 healthcare facilities, implementing HIV viral load monitoring and drug adherence strategies, increasing viral suppression from 93% to 95% within 6 months.
- Secured full funding for Enhanced Adherence Counselling programme expansion; managed budgets and advocated for investment in treatment monitoring.
- Instituted real-time epidemiological surveillance systems for HIV adherence, enabling 100% real-time tracking in all supported facilities.
- Conducted quarterly audits on HIV, TB, and COVID-19 monitoring, improving reporting compliance across 28 sites.

### Medical Officer (Part Time)

*Ande Hospital* | Jun 2021 – Jul 2021

- Led a multidisciplinary team in managing medical emergencies, outpatient and inpatient care, and referrals.

- Utilised Electronic Medical System for accurate documentation and integrated care.

### **Casualty Medical Officer**

*Accidents and Emergency, Federal Medical Centre Abeokuta | Mar 2020 – Feb 2021*

- Managed diverse emergency cases, stabilising approximately 15 cases per shift in a fast-paced, resource-limited environment.

### **House Officer**

*Ahmadu Bello University Teaching Hospital | Feb 2019 – Feb 2020*

- Managed daily clinical management, documentation for over 50 patients across surgery, internal medicine, obstetrics and gynaecology, and paediatrics.

### **Research Assistant**

*Jos University Teaching Hospital | May 2017*

- Conducted RDT testing and data collection for a cross-sectional study on Plasmodium falciparum seroprevalence, published in the Jos Journal of Medicine.

## **EDUCATION**

### **Master of Public Health (MPH)**

*Queen's University Belfast | Sep 2022 – Dec 2023*

- Awarded with Commendation (71.5%). Focus: epidemiology, health systems, and public health policy.
- Dissertation: Critical analysis and systematic review of global health system performance; provided data-driven policy recommendations.
- Applied statistical analysis and health economics to evaluate healthcare quality and efficiency.

### **Bachelor of Medicine, Bachelor of Surgery (MBBS)**

*University of Jos | Oct 2011 – Sep 2018*

- Conducted community diagnosis and health education in a marginalised settlement for over 400 individuals, achieving 95% compliance with hospital referrals.

## **VOLUNTEERING**

### **Community Volunteer**

*RNID | Feb 2024 – Apr 2025*

- Provide community-based hearing aid services, assisting individuals with hearing loss in accessing appropriate support.
- Engage in health education and advocacy, promoting equitable access to audiology services for underserved populations.

### **Camp Clinic Medical Director**

*National Youth Service Corps (NYSC), Ogun State | Feb 2020 – Mar 2020*

- Led COVID-19 prevention and outbreak response in a camp of over 2,000 corps members, ensuring zero reported cases.
- Implemented infection control measures, trained volunteers on standard precautions, and conducted risk assessments.

**CERTIFICATIONS AND ADDITIONAL TRAINING**

- Full Registration, General Medical Council (GMC), 2025
- Associate, Faculty of Public Health (UK), Jan 2024
- Introduction to Systematic Review and Meta-Analysis, Johns Hopkins (2023)
- Clinical Management of HIV, University of Washington (2021)
- Introduction to the Principles of Emergency Medicine, Beth Deaconess Medical Center/Harvard Medical School (Dec 2020)
- Full Registration, Nigerian Medical and Dental Council (MDCN), 2020
- Leadership and Management in Health, University of Washington (2019)
